1st House				2nd House							

**Summary:**

Current law requires all meetings, as defined, of a house of the Legislature or a committee thereof to be open and public, and requires all persons to be permitted to attend the meetings, except as specified. This bill would require all meetings, including gatherings using teleconference technology, to include an opportunity for all persons to attend via a call-in option or an internet-based service option that provides closed captioning services and requires both a call-in and an internet-based service option to be provided to the public.

**Position:** Watch

**Subject:** Other

**CALAFCO Comments:** This bill allows for continued remote participant in local (and state) hearings/meetings while adding requirements for both call-in and internet service based options for all public meetings; requires providing closed caption services; and requires agencies to provide language access services.

The bill requires teleconferenced meetings to include an in-person public comment opportunity that creates a place where members of the public can gather at a designated site to give public comment (barring any in-person restrictions). Further, the bill requires the agenda and instructions for accessing the meeting to be translated into all languages for which 5% of the population in the area governed by the local agency is a speaker.

The bill adds requirements for local agencies to employ a sufficient amount of qualified bilingual people to provide translation services during the meeting in the language of the non-English speaking person (consistent with all languages for which 5% of the population in the area governed by the local agency speak).

The bill adds similar requirements for any state legislative body.

This bill is sponsored by the Leadership Council for Justice and Accountability.

**Summary:**

Would authorize a local agency to use teleconferencing without complying with the teleconferencing requirements imposed by the Ralph M. Brown Act when a legislative body of a local agency holds a meeting for the purpose of declaring or ratifying a local emergency, during a declared state or local emergency, as those terms are defined, when state or local health officials have imposed or recommended measures to promote social distancing, and during a declared local emergency provided the legislative body makes certain determinations by majority vote.

**Position:** Watch

**Subject:** Other

**CALAFCO Comments:** Executive Order No. N-29-20 suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic provided that certain requirements are met (noticing, public access, etc.). This bill allows a local agency to conduct meetings using teleconference methods without complying with certain teleconferencing requirements if they are meeting for the purposes of declaring or ratifying a local emergency, during a declared state or local emergency (as defined in statute), when state or local health officials have imposed or recommended certain measures to promote social distancing, and during a declared local emergency provided the legislative body makes certain determinations by majority vote.

The legislative body must give notice of the meeting and post agendas to allow members of the public to access the meeting and address the legislative body, offer public comment, and protect rights of the parties and public appearing before the legislative body.

This bill is sponsored by the CA Special Districts Association (CSDA).

**Summary:**

Current law, by Executive Order N-29-20, suspends the Ralph M. Brown Act's requirements for teleconferencing during the COVID-19 pandemic, provided that notice requirements are met, the ability of the public to observe and comment is preserved, as specified, and that a local agency permitting teleconferencing have a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, as specified. This bill would remove the requirements of the act particular to teleconferencing and allow for teleconferencing subject to existing provisions regarding the posting of notice of an agenda and the ability of the public to observe the meeting and provide public comment. The bill would require that, in each instance in which notice of the time

of the teleconferenced meeting is otherwise given or the agenda for the meeting is otherwise posted, the local agency also give notice of the means by which members of the public may observe the meeting and offer public comment and that the legislative body have and implement a procedure for receiving and swiftly resolving requests for reasonable accommodation for individuals with disabilities, consistent with the federal Americans with Disabilities Act, as provided.

**Summary:**

Would create the Southern Los Angeles County Regional Water Agency as a regional water agency serving the drinking water needs of the cities, unincorporated areas, and residents in the communities overlying the Central Basin and West Coast Basin aquifers in southern Los Angeles County. The bill would require the agency to serve the region as the leader in interagency collaboration on water resource issues and to be governed by a 5-member board of locally elected officials in the agency’s jurisdiction, each appointed by a specified state or local entity. The bill would authorize the agency to serve the water needs of its region through specified activities, including, among others, operating public water systems or other water infrastructure and integrating other water systems in the region into its operations, as prescribed.

**Summary:**

Would require the Strategic Growth Council, by January 1, 2023, to establish up to 12 regional climate change authorities to coordinate climate adaptation and mitigation activities in their regions, and coordinate with other regional climate adaptation authorities, state agencies, and other relevant stakeholders.

**Position:** Watch

**Subject:** Other

**CALAFCO Comments:** As amended on 1/21/21, this bill authorizes/requires the Strategic Growth Council (SGC) to establish up to 12 regional climate change authorities by January 1, 2023, to include local agencies and regional stakeholders. The SGC is required to adopt guidelines that: (1) Define the authority; (2) Include guidelines for establishing an authority via a stakeholder-driven process; (3) Consult with OPR (and other state authorities) in development of the guidelines and award annual grants to authorities.

The bill outlines the regional climate change authorities in summary as: coordination, capacity-building, and technical assistance activities within their boundaries, promote regional alignment and assist local agencies in creating and implementing plans developed pursuant to Section 65302 of the Government Code, other federal or state mandates, and programs designed address climate change impacts and risks. The bill also requires the authority to submit annual reports to the SGC, with the scope of the report outlined in the bill.

**Summary:**

The California Public Records Act requires state and local agencies to make their records available for public inspection, unless an exemption from disclosure applies. This bill would recodify and reorganize the provisions of the act. The bill would include provisions to govern the effect of recodification and state that the bill is intended to be entirely nonsubstantive in effect. The bill would contain related legislative findings and declarations. The bill would become operative on January 1, 2023.

**Summary:**

Current law requires, by July 1, 2017, and every 3 years thereafter, the Natural Resources Agency to update, as prescribed, the state's climate adaptation strategy, known as the Safeguarding California Plan. Current law establishes the Office of Planning and Research in state government in the Governor's office. Current law establishes the Integrated Climate Adaptation and Resiliency Program to be administered by the office to coordinate regional and local efforts with state climate adaptation strategies to adapt to the impacts of climate change, as prescribed. This bill would authorize eligible entities, as defined, to establish and participate in a regional climate network, as defined. The bill would require the

**Summary:**

Current law prescribes procedures, including the election of a board of directors, for the formation of regional park districts, regional park and open-space districts, or regional open-space districts. Current law authorizes 3 or more cities, together with any parcel or parcels of city or county territory, whether in the same or different counties, to organize and incorporate, but requires that all the territory in the proposed district be contiguous. Current law requires the board of directors to superintend, control, and make available to all the inhabitants of the district all public recreation lands and facilities, as provided. Existing law authorizes the board to adopt regulations. Current law provides that a violation of an ordinance, rule, or regulation adopted by the board is a misdemeanor punishable by a fine or imprisonment in the county jail, as provided. This bill would authorize the board of directors to adopt regulations relating to nuisances and establish a procedure for the abatement of the nuisances, including administrative abatement.

**Summary:**

The California Safe Drinking Water Act, provides for the operation of public water systems and imposes on the State Water Resources Control Board related regulatory responsibilities and duties. Current law authorizes the state board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2021, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system. The bill would require the commission to approve or deny the application within 8 months, except as provided.

**Summary:**

Current law requires the Director of Forestry and Fire Protection to identify areas in the state as very high fire hazard severity zones based on the severity of fire hazard that is expected to prevail in those areas, as specified, and requires each local agency to designate, by ordinance, the very high fire hazard severity zones in

its jurisdiction. Current law additionally requires the director to classify lands within state responsibility areas into fire hazard severity zones. This bill, beginning on or after January 1, 2022, would prohibit the legislative body of a city or county from entering into a residential development agreement for property located in a very high fire risk area. The bill would define "very high fire risk area" for these purposes to mean a very high fire hazard severity zone designated by a local agency or a fire hazard severity zone classified by the director.

In this regard, the bill would require the Department of Housing and Community Development, in consultation with the Office of Planning and Research, to determine jobs-rich areas and publish a map of those areas every 5 years, commencing January 1, 2023, based on specified criteria. The bill would specify that an ordinance adopted under these provisions, and any resolution adopted to amend the jurisdiction's General Plan to be consistent with that ordinance, is not a project for purposes of the California Environmental Quality Act.

**Summary:**

The Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000 establishes a pilot program under which the commissions in the Counties of Napa and San Bernardino, upon making specified determinations at a noticed public hearing, may authorize a city or district to provide new or extended services outside its jurisdictional boundary and outside its sphere of influence to support existing or planned uses involving public or private properties, as provided. Current law requires the Napa and San Bernardino commissions to submit a report to the Legislature on their participation in the pilot program, as specified, before January 1, 2020, and repeals the pilot program as of January 1, 2021. This bill would reestablish the pilot program, which would remain in effect until January 1, 2026. The bill would impose a January 1, 2025, deadline for the Napa and San Bernardino commissions to report to the Legislature on the pilot program, and would require the contents of that report to include how many requests for extension of services were received under these provisions.

**Position:** Watch  
**Subject:** CKH General Procedures

**CALAFCO Comments:** This bill is the same as SB 799 from 2020 and seeks to re-establish and continue the pilot program for five more years. The program ended as of January 1, 2021 but due to the pandemic, SB 799 from 2020 to extend the sunset was not moved forward in the legislature.

**Summary:**

Would require the El Dorado County elections official, with the assistance of the Fallen Leaf Lake Community Services District, to conduct district elections pursuant to the Uniform District Election Law, except as otherwise provided in the bill. The bill, notwithstanding existing law, would provide that voters who are resident registered voters of the district, and voters who are not residents but either own a real property interest in the district or have been designated by the owner of a real property interest to cast the vote for that property, may vote in a district election in the Fallen Leaf Lake Community Services District, as specified. The bill would require the designations of voters and authority of legal

representatives to be filed with the El Dorado County elections official and the secretary of the Fallen Leaf Lake Community Services District and maintained with the list of qualified voters of the district. This bill contains other related provisions and other existing laws.

**Position:** Watch

**Subject:** Special Districts Governance

**CALAFCO Comments:** This bill is the same as SB 1180 from 2020 which did not move through the legislature. It is a local El Dorado County/district bill. This bill does several things. (1) Provides that voters who are resident registered voters of the district, and voters who are not residents but either own a real property interest in the district or have been designated by the owner of a real property interest to cast the vote for that property, may vote in a district election in the Fallen Leaf Lake Community Services. (2) The bill also would authorize a voter who is not a resident of the district but owns a real property interest in the district to designate only one voter to vote on their behalf, regardless of the number of parcels in the district owned by the nonresident voter. (3) This bill would prohibit the Fallen Leaf Lake Community Services District from providing any services or facilities except fire protection and medical services, including emergency response and services, as well as parks and recreation services and facilities.

**Summary:**

Would authorize a municipal wastewater agency, as defined, to enter into agreements with entities responsible for stormwater management for the purpose of managing stormwater and dry weather runoff, to acquire, construct, expand, operate, maintain, and provide facilities for specified purposes relating to managing stormwater and dry weather runoff, and to levy taxes, fees, and charges consistent with the municipal wastewater agency's existing authority in order to fund projects undertaken pursuant to the bill. The bill would require the exercise of any new authority granted under the bill to comply with the Cortese-Knox-Hertzberg Local Government Reorganization Act of 2000. To the extent this requirement would impose new duties on local agency formation commissions, the bill would impose a state-mandated local program.

**Position:** Watch

**Subject:** Municipal Services

**CALAFCO Comments:** This bill is a redo of SB 1052 from 2020 that was not moved forward because of the pandemic. This bill adds authority to municipal wastewater agencies as outlined in 13911(a) and (b) relating to stormwater runoff and management. The bill authorizes this additional authority while keeping the LAFCo process to activate these latent powers intact.

**Summary:**

The Ralph M. Brown Act, requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require a local agency with an internet website, or its designee, to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. If a local agency determines it to be technologically infeasible to send a copy of the documents or a link to a website that contains the documents by mail or by other electronic means, the bill would require the legislative body or its designee to send by mail a copy of the agenda or a website link to the agenda and to mail a copy of all other documents constituting the agenda packet, as specified.

**Subject:** Public Records Act

**CALAFCO Comments:** This bill is a modified redo of SB 931 from 2020 that did not move forward because of the pandemic. This bill updates the Government Code to require a public agency to email the agenda or agenda items to anyone who requests it or the link to the website where the documents can be accessed (current law requires the mailing of such documents upon request, this bill adds the option to email if requested).

(4203) SENATE ENVIRONMENTAL QUALITY, ALLEN, Chair

**Summary:**

The California Safe Drinking Water Act authorizes the State Water Resources Control Board to order consolidation with a receiving water system where a public water system or a state small water system, serving a disadvantaged community, consistently fails to provide an adequate supply of safe drinking water or where a disadvantaged community is substantially reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water. This bill

would authorize the state board to also order consolidation where a water system serving a disadvantaged community is at risk of failing to provide an adequate supply of safe drinking water or where a disadvantaged community is substantially reliant on domestic wells that are at risk of failing to provide an adequate supply of safe drinking water.

**Subject:** Disadvantaged Communities, Water

**CALAFCO Comments:** Current law (Health & Safety Code Section 116682) authorizes the State Water Resources Control Board (Board) to order consolidation (physical or operational) of a public water system or state small water system serving a disadvantaged community that consistently fails to provide an adequate supply of safe drinking water, or a disadvantaged community (in whole or part) that is substantially reliant on domestic wells that consistently fail to provide an adequate supply of safe drinking water. This bill would add to that a water system or domestic well(s) that are at risk of failing to provide an adequate supply of safe drinking water, as determined by the Board. The bill also requires the Board, before ordering consolidation, to conduct outreach to ratepayers and residents served by the at-risk system and to consider any petition submitted by members of a disadvantaged community being served by the at-risk system.

**SB 475 (Cortese D) Transportation planning: sustainable communities strategies.**

**Summary:**

Current law requires certain transportation planning activities by designated regional transportation planning agencies, including development of a regional transportation plan. Certain of these agencies are designated under federal law as metropolitan planning organizations. As part of a regional transportation plan, current law requires a metropolitan planning organization to adopt a sustainable communities strategy, which is designed to achieve certain targets established by the State Air Resources Board for the reduction of greenhouse gas emissions from automobiles and light trucks in the region. Existing law, to the extent the sustainable communities strategy is unable to achieve the greenhouse gas emissions reduction targets, requires the affected metropolitan planning organization to prepare an alternative planning strategy showing how the targets may be achieved through alternative development patterns, infrastructure, or additional transportation measures or policies. This bill would state the intent of the Legislature to enact subsequent legislation that would make various changes to these provisions.

**Summary:**

Would prohibit the land use element from designating land uses that have the potential to significantly degrade local air, water, or soil quality or to adversely impact health outcomes in disadvantaged communities to be located, or to materially expand, within or adjacent to a disadvantaged community or a racially and ethnically concentrated area of poverty. By expanding the duties of cities and counties in the administration of their land use planning duties, the bill would impose a state-mandated local program.

**Summary:**

Current law requires the Controller to compile, publish, and make publicly available on the Controller’s website reports of the financial transactions and information on annual compensation of each county, city, and special district within this state. This bill would specify that the reports shall be furnished at the time prescribed by the Controller and would revise the amount of time in which the report is required to be furnished to either 7 months or within the time prescribed by the Controller, whichever is later.
